Help us **GROW**
 the Industry

The agriculture industry is constantly changing. New challenges demand creative solutions and the innovative minds to envision them – and that’s why the Canadian Agri-Business Education Foundation (CABEF) was formed. CABEF aims to find the brightest and best high school students interested in agriculture and make it easier for them to pursue the education they need to be successful in agri-business today.

CABEF offers six \$2,500 scholarships

to Canadian grade 12 students who are entering into an accredited agriculture school. These scholarships are possible due to the generous contributions of businesses and individuals who take an interest in the future of our industry.

By contributing to CABEF, you are helping us grow the industry. By ensuring that enthusiastic, inventive people have the means to pursue their passion for agriculture, you are making a difference for the future of agri-business in Canada.
